00:00:04.020 --> 00:00:13.679

Kathe Pelletier (she/her): Hello, and welcome to EDUCAUSE's DEMO day focusing on learning management systems. I'm Kathe Pelletier, and I'm the Director of the Teaching and Learning Program here at EDUCAUSE.

2

00:00:14.940 --> 00:00:21.030

Kathe Pelletier (she/her): Like many on other campuses you may be more intentionally developing a digital learning strategy at your campus,

3

00:00:21.450 --> 00:00:32.910

Kathe Pelletier (she/her): and this might mean exploring new ways to engage students, support faculty members in the design and delivery of their courses, or making use of the influx of data from multiple systems

4

00:00:33.180 --> 00:00:37.770

Kathe Pelletier (she/her): so you can better understand and improve the student learning experience and outcomes.

5

00:00:38.580 --> 00:00:47.820

Kathe Pelletier (she/her): So, as you're expanding your digital or hybrid capabilities in these ways, you might be seeing how you can stretch the use of your LMS beyond traditional course delivery.

6

00:00:48.480 --> 00:00:57.690

Kathe Pelletier (she/her): It's been really exciting to see new capabilities emerge in the LMS market as they become more usable and more easily integrated with other technologies.

7

00:00:58.830 --> 00:01:13.050

Kathe Pelletier (she/her): So we're delighted to have several innovative solution providers in this area, joining us to present their virtual demos. We hope that you'll take this opportunity to attend each of their demonstrations to learn more about their product functionality and their roadmaps.

8

00:01:14.070 --> 00:01:28.530

Kathe Pelletier (she/her): Two weeks prior to the live event registrants will have access to the resources that our corporate participants have shared on their individual demo pages, and you'll

also be able to drop a virtual business card to begin a one-on-one conversation, if that's something you'd like to do.

9

00:01:30.030 --> 00:01:38.760

Kathe Pelletier (she/her): At EDUCAUSE, we're committed to helping you find the best solutions when you need them most. We look forward to seeing you at our LMS platform demo day!
