ECAR Working Groups General Meeting

https://www.educause.edu/annual-conference/2015/ecar-working-groups-general-meeting

EDUCAUSE Annual Conference 2015 • Indianapolis, IN
Tuesday, October 27 • 12 – 2:50 p.m.
White River Ballroom D, First Floor, JW Marriott Hotel
Box Lunch Provided

Come join this open meeting of the ECAR Working Groups. The meeting includes speakers discussing the impact of big data in the future of higher education, including: growing data sources and a need for increased infrastructure to support data collection and use; privacy concerns and big data; and international efforts. It will also highlight the work of the ECAR working groups over the past year and reveal the 2016 Top 10 Strategic Technologies.

| 2:05-2:45 p.m. (40 minutes) | National UK Data-Driven Services for Education | Myles Danson, Senior Co-design Manager and  
Robert Haymon-Collins, Executive Director Customer Experience  
Jisc  
The UK is not alone in exploring the potential offered through modern techniques of access, manipulation and presentation of digital data. These have afforded new service opportunities across the range of university business functions. This presentation will outline some of the experiences gained in pursuing two new national data driven service developments: those of business intelligence and learning analytics across some 600 UK universities and colleges. |
